Working Title: K-Pop Simulator

Genre: Narrative adventure

Objective: Attend the CANDY concert.

Technical Specs

Platform: Windows, Mac, Android

Language: C#

Game Engine: Unity

Game POV: 2D

Orientation: Horizontal

Game Play

There are N levels that have their own unique mission you must achieve in order to reach the end goal. Before each level, the mission for the level will be displayed. Upon clicking 'Next', a countdown will begin and then the level will start. If you fail to achieve the mission, then the level will restart. If you complete the mission, you will move on to the next level. The game ends once you meet the objective.

Story
The popular Korean girl group, CANDY, just announced that they are going on a world tour. Complete each mission in order to ensure you're fully prepared for concert day!

Level Design
- **Character can walk around a room to interact with objects that activates levels (if time permits)**
- **Level 1: Ticketing**
    - Display the 'People in front of you' queue as the countdown timer.
    - Click the 'Buy tickets' button as many times as you can in a specific amount of time.

- ○ Mission: This is the most important task! You need tickets to the CANDY concert so let's join the queue for ticketing. Word of advice, keep clicking that 'Buy' button!
  - ○ Success: Congratulations, you did it!! You were able to secure front row seats to the CANDY concert. RIP your wallet but it'll all be worth it :)
  - ○ Failure: Unfortunately, you weren't quick enough and all the tickets have been sold out :(Don't worry, ticketing is about to begin for the next date so let's try again!
- **Level 2: Create playlist**
  - ○ Shuffle through K-Pop songs and add all the ones by CANDY to your playlist. If it's not a CANDY song, then click the skip button.
  - ○ Mission: It's time to familiarize yourself with CANDY songs by creating an exclusive playlist. You will be shuffling through some K-Pop songs, but it's up to you to add the ones by CANDY to your playlist.
  - ○ Success: You've managed to make the perfect playlist! Let's blast it on repeat until concert day.
  - ○ Failure: Oh no, you've mixed in some other artists. Let's delete this playlist and make a new one!
- **Level 3: Create sign**
  - ○ Trace the displayed Korean (나연 짱 사랑해) as accurately as possible.
  - ○ Mission: You want to create a sign for Nayeon, your bias. The problem is you don't know how to write Korean, so it's time to practice!
  - ○ Success: Wow it looks beautiful, Nayeon will definitely be able to read your sign!
  - ○ Failure: It looks a little messy, so let's try again with neater handwriting to make sure Nayeon can read it.
- **Level 4: Wave lightstick (if time permits)**
- **End Scene**
  - ○ CANDY performs while fans cheer at the concert.
